When the steamship Dinamore cast anchor at Port Tampa Saturday morning the captain reported to the immigration office that a sailor, Nere Abramo, had become violently insane after leaving New York, and had been put in irons. Sad news comes from Sanford of the drowning near that place on Saturday last of the five-year-old son of Mr. and Mrs. T. J. Grier. Mrs. Grier, her father and three children were eating their noon-day lunch near the St. Johns river, when the little fellow wandered away and was lost. At 4 o'clock in the afternoon the little body was found in the river, still warm, but life had departed.

John W. Pearson of Ocala announces that he will continue boring for oil, as he has discovered a way to prevent the flow of water from interfering with his operations. Of course it is well known that he has discovered oil, but the rush of water prevented the flow of oil. Now that this difficulty has been obviated we may expect a "gusher" and the excitement that follows upon its heels.

Blessings on the Salvation Army! Jacksonville has other people who smile on the saloons, punish its victims, and ridicule all who try to wipe out the whole. The Salvationists look after the poorest and the most degraded. They have started the penny ice wagon, and last Wednesday gave about 200 or 300 of the poorest people a free trip, with dinner, music, etc., to the seashore at Pablo.

Prominent Florida Shriners are turning their attention to St. Paul, the city in which the National convention of the order will be held during this month. On account of the occasion the Southern railway will operate special through train equipment from Jacksonville to St. Paul. The train upon which the Florida Shriners will be aboard will leave Jacksonville next Friday morning, at 11 o'clock.

years of age, was arrested by Constable Banks upon a warrant charging him with one of the most heinous offenses that could be committed—the victim of his crime being his daughter, a girl under 18 years of age. He was put in jail and on Wednesday morning a commitment trial was begun at which the evidence for the State was heard, when a continuance was granted.

F. F. McVeigh of Delray was seriously burned last Sunday night by the explosion of gasoline in an automobile. He is alive at present and great hopes are entertained that he will recover. His external injuries are very bad but the fear is that he is burned internally from inhaling the blaze. Mr. McVeigh is a prominent planter of Delray and some years ago, and for a long time, held an important position with the Florida East Coast Railway Company. He is about 46 years of age.

J. P. Lees of Stuart, editor of the defunct Stuart Enterprise, was found at his home in a half-conscious condition Thursday night of last week, suffering from the effects of a large dose of wood alcohol. He was sent to the St. Augustine hospital Monday by the Christian Endeavor Society of Stuart, where he is rapidly recovering. Mr. Lees has been in poor health for weeks, and it is generally supposed that he took the alcohol with suicidal intent. Others think, however, that he drank the stuff by mistake.

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all druggists. Samples free.

The even numbered districts are represented by hold-over Senators, none of whom are eligible, under precedents, for president of the body. The contest for presiding officer is therefore likely to lie between Senators Flournoy, Hudson, McMullen, Johnson, Massey, Humphries and Baker, either of whom would make a good president. Senators Hudson, Johnson, Massey, Withers, Humphries and Zim were members of the last Senate, but the others from the odd numbered districts are comparatively new timber, though some of them served in the House some years ago, notably Sloan of the 7th and Baker of the 29th.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." ## S.S.S. NATURE'S PERFECT TONIC

There is scarcely any one, no matter how vigorous and healthy, who does not need a tonic sometimes. Little physical irregularities upset the system, the appetite fails, digestion is poor, the body feels tired and worn out, and other unpleasant symptoms give warning that the system is disordered and needs assistance to ward off, perhaps, some serious sickness or ailment. S. S. S. is recognized everywhere as the best of all tonics, nature's medicine, made entirely of healing, cleansing, invigorating roots and herbs, a systemic remedy without an equal. S. S. S. has the additional value of being the greatest of all blood purifiers. It re-establishes the healthy circulation of the blood, rids the body of that tired, worn-out feeling, improves the appetite and digestion, and brings about a return of health to those whose systems have been weakened or depleted. S. S. S. acts more promptly and pleasantly than any other medicine, and those who are run down in health should commence its use at once. It will thoroughly purify the blood and tone up the system. S. S. S. is admirably suited for a systemic remedy because it is free from minerals; it may be used without harmful results by persons of any age, and no unpleasant effects ever follow.
